

**EDUCATION**

B.E CSE - Sri Eshwar College of Engineering CGPA : 8.5(upto 3rd sem)	2024-2028
HSC – Sri Vani Matriculation Higher Secondary School 95.5%	2022-2024
SSLC – Sri Vani Matriculation Higher Secondary School 93.4%	2021-2022

INTERNSHIP**CodeHub nexus – Full Stack Development**

Completed a Full Stack Development internship at CodeHub Nexus, gaining hands-on experience in HTML, CSS, JavaScript, Bootstrap, React, Node.js, Express.js, and MongoDB/MySQL. Developed responsive web applications, implemented REST APIs, performed database operations, and used Git/GitHub for version control while collaborating on real-world projects. **2025**

Design Mix Studio – Ui/Ux Designer and Vedio Editing

I worked as a UI/UX Designer, where I focused on creating user-centered designs and improving overall usability and visual appeal of web and mobile interfaces. I gained experience in wireframing, prototyping, and user flow design using tools such as Figma, Adobe XD, and Canva. This role helped me strengthen my skills in design thinking, user research, and responsive interface design. **2025**

PROJECTS (20+ Projects And 1 Hardware Project)**Supply Chain Tracking System – Full stack [PROJECTLINK](#)**

Developed a full-stack Supply Chain Tracking System using MongoDB, Express.js, React.js, and Node.js. Built RESTful APIs and implemented CRUD operations for product, inventory, supplier, and shipment management. Integrated MongoDB for efficient data handling and tested APIs using Postman to ensure application reliability. Enhanced skills in full-stack development, database management, and scalable web application design. **2025**

Hospital Management System-Mern Stack [PROJECTLINK](#)

Developed a full-stack web application for managing hospital operations using the MERN Stack (MongoDB, Express.js, React.js, Node.js). Built RESTful APIs and integrated MongoDB for efficient data storage and retrieval. Implemented features such as patient, doctor, and appointment management with complete CRUD operations. Tested APIs using Postman, enhancing my skills in full-stack development, scalable application design, and efficient database management. **2025**

Peer Tutoring System – Java Spring Boot [GITHUB LINK](#)

I developed a web application for managing peer tutoring sessions using Java Spring Boot, gaining hands-on experience in backend development, RESTful APIs, and database integration with MySQL. During the project, I applied Spring MVC, Spring Data JPA, and tested APIs using Postman, which strengthened my skills in building scalable web applications, handling CRUD operations, and implementing efficient data management. **2025**

SafeForm Pesticide Prediction – AIML (TRAINED DATA SET AND USED ML PREDICTION)

I developed a machine learning–based web application for Pesticide Safety Prediction using Python, React.js, and MySQL, gaining hands-on experience in data preprocessing, model training, and deployment. I applied scikit-learn for building predictive models, React.js for creating interactive user interfaces, and MySQL for database management. This project enhanced my skills in full-stack development, machine learning implementation, and integrating AI models with web applications. **2025**

CERTIFICATIONS

Programming in Python Meta	2025
Spoken Tutorial - C NPTEL	2025
HTML, CSS & Bootstrap - Certification Rinux	2025
Programming with C++ Simplilearn	2025
Spoken Tutorial – C NPTEL	2024
Spoken Tutorial - CPP NPTEL	2024
Data Structures Masters -Udemy	2025
MERN Developer With Intern	2025

CODING PROFILES

[Leetcode](#) : **Solved 350+ problems** | **Max Rating : 1,468** | **Global rank : 392,543** | [link](#)

[Codechef](#) : **Problem Solver**

[Skill Rack](#) : **Solved 1500+ problems** | **Received 20+ certificates** | **440+ Bronzes** | [link](#)

SKILLS

Programming - C | C++ | Python | Java **Core Concepts** - DSA | OOP | Cloud

Web Technologies - HTML | CSS | JavaScript | React(basics) | Django(basics) | Flutter(learning)

Tools - VSCode | Canva | Word | PowerPoint | Jupyter Notebook | GitHub | Git | Trae | Amazon Q | IntelliJ | AWS

Editing – Capcut | PhotoRoom | Picsart | Davinci | Premier Pro
